Dear Colleague

## **NATIONAL PROFESSIONAL DEVELOPMENT CONFERENCE FOR LOCAL AUTHORITIES 2009**

Following last March's national conference for local authority workforce advisers ("Professional Development in Schools: Insights and Inspirations to Support Learning and Development of the Children's Workforce in Schools"), we are pleased to announce that we will be holding a further conference on this theme on **Thursday 19 March 2009**.

The conference is in the process of being developed and will aim to demonstrate strategic training and development as a building block of school improvement and outline TDA's offer in the context of other agencies. It will build on last year's conference, including inspirational examples from both within and outside the education sector.

We hope you can attend this event.

Best wishes,

Hilary Emery
